EXPERIENCE

A dark brown porter accented by a thick
creamy head of foam.

Strong notes of chocolate and espresso on
the nose translate into a decadent but not
over the top porter with very little bitterness.
Very smooth.

DON'T BE AFRAID OF THE DARK

We like to think of our porter as a gateway
through which tastebuds enter into the
rich and roasty world of dark beer. Robust,
but incredibly approachable, it is packed
with flavor from start to finish that all can
enjoy.

But we can only show you the door... you're
the one who must walk through it...
