2024 BEER CALENDAR

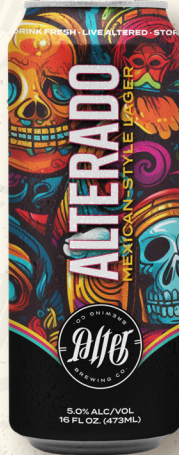

AVAILABILITY: 1/2 • 1/6 • 16OZ. 4-PACK CASE

**PROUD GIRL DAD • 4.3%
SUMMER WHEAT ALE**

A soft fruitiness on the nose blends beautifully with light spice from the wheat for a crisp drinking experience that just screams summer. Brewed with dads in mind - it's light and incredibly drinkable, just how they like it. **A Father's Day treat!**

YEAR ROUND

HOPULAR KID • 5.5% STRONG PALE ALE

Classic pale ale that is quite complex when it comes to aroma and flavor. Fermented with a fruit-forward ale strain to compliment the bevy of hops used in both the boil and the fermenter. Centennial, Citra, HBC638, Simcoe and Mosaic team up to give it characteristics of melon, stone-fruits, and lemon. Some may call it Tropical. We call it Hopular Kid.

ALTERADO • 6.0% MEXICAN-STYLE LAGER

A simple, relaxed, Mexican-style lager brewed with flaked maize, noble hops, and a strain of yeast known to ferment a myriad of brews from our friends to the south. A classic spicy nose with a hint of corn mimics driving past your local tortilleria with the windows down. Pairs well with sunny days with friends and a wedge of lime.

RALLY POINT • 6.0% WEST COAST IPA

Brewed in recognition of the first responders and military personnel that sacrifice for all of us on a daily basis. Featuring a harmonious blend of carefully selected hops, this brew delivers a crisp bitterness and vibrant resinous notes that pay homage to the classic West Coast style.

AMBIGRAM • 6.5% HAZY IPA

Dry-hopped with the gold standard combo of Mosaic and Citra, and an extra oomph of Idaho 7, Ambigram delivers a strong orange and tangerine aroma. Although no actual fruit went into this beer, the brewing method gives it a juicy character. It's got just the right amount of sweetness, while still reminding you that it is in fact an IPA.

SEASONAL

ALTO PORTO • 6.8% ROBUST PORTER

A malt-forward porter brewed with six different types of malt to achieve notes of chocolate, caramel, and hints of coffee. The addition of Willamette hops keeps the sweetness in check, resulting in an incredibly balanced winter favorite that will keep you roasty all winter long.

FEB-MAR

HEAVY SQUEEZE • 5.5% LEMON WHEAT ALE

An unfiltered lemon-wheat ale that drinks like a shandy, but is 100% beer. We add a ton of lemon puree during fermentation and top it off with just enough Citra to provide some hop brightness. Put your sunnies on and bust out a lawn chair, you're about to enjoy summer in a glass.

MAY-JUL

FESTBIER • 6.0% OKTOBERFEST LAGER

Made with all German malts, yeast, and hops. 90% Vienna malt, with the remainder being filled by various specialty crystal malts to give it traditional nuances. German noble hops are used to impart a slight spiciness, only enough to balance the sweetness of the body. As close as it gets, Freunde!

AUG-OCT

SWEDDA WEDDA • 6.0% OATMEAL STOUT

Smooth and a bit creamy, with a soft mouthfeel. Dark malts impart a roasty character with notes of chocolate, coffee, and toffee. An extra layer of complexity was added with a light splash of vanilla. A wicked good beer that pairs well with any swedda, and any wedda.
