Our oatmeal stout has a tasty new look this year. The dark and roasty base is complemented by a new layer of s'mores-inspired goodness. Catch subtle notes of chocolate and vanilla sweetness alongside a hint of smokiness that will transport you back to your last campfire. You'll definitely want... s'more.

S'MORE WHAT?

Inspired by our favorite campfire gatherings and treehouse sleepovers, we decided to lay on an extra layer of nostalgia with this s'mores variation of our classic oatmeal stout. You'll imagine putting that chocolate on the graham and slapping that roasted mallow on top in no time flat.
